ICPC TXST Texas-Mexico Invitational Programming Contest

Friday April 5, 2024

About the Contest

The CS at TXST is hosting an International Collegiate Programming Contest (ICPC). This contest was successfully organized for the past few years and last year, several teams from various universities from all over Texas and Mexico participated and won certificates. Come to network with other students and win certificates to help you obtain employment. This is an on-site competition at Derrick Hall, TXST San Marcos campus. Complimentary breakfast and lunch will be provided. Visit the website by clicking here for details and travel information.
